Reasons for Allowance

1. An amendment was received from the applicant on November 30, 2004.
2. Claims 1-46 are allowed.
3. The following is an examiner's statement of reasons for allowance. The sit-on-top kayak as claimed is not shown or suggested in the prior art because of the use of a sit-on-top kayak that is comprised of an inflatable hull, a seat, and a plurality of inflatable footrests that are incrementally spaced from said seat.
4. The prior art as disclosed by Haller et al. (US 6,065,421) shows the use of an inflatable kayak having an inflatable hull with a front portion and a rear portion, a seat that is positioned between said front and rear portions, and a recessed front cargo compartment with a front cargo cover in the form of a net. Goucher et al. (US 6,443,089) discloses a kayak with an inflatable seat that is further comprised of an inflatable back support. Niemier (US 6,178,921, US 6,152,063 and US 5,964,177) discloses a sit-on-top kayak with a hollow, rotationally molded hull and a plurality of footrests that are built into an open cockpit area with one or more seats. Niemier et al. (US 5,417,179) discloses a sit-on-top kayak with an open cockpit having a plurality of leg brace members and footrests. However, none of the prior art cited shows or suggests the use of a sit-on-top kayak that is comprised of an inflatable hull, a seat, and a plurality of inflatable footrests that are incrementally spaced from said seat.
